

## Professional Engineer / Home Inspector:

Pacifico Engineering PC is looking to grow! WE are a professional engineering firm. Our company's success stems from a philosophy of providing our clients with superior service through a staff of quality-minded professionals. We are currently seeking a New York State licensed engineer to perform home inspections on Long Island and the surrounding areas on a part-time basis, including weekends.

Candidate must possess the following skill and work experiences:

- Must be licensed New York State Professional Engineer
- New York State DEC Pesticide Technician; Category 7C
- New York State Home Inspector license is a plus
- Excellent written and verbal communication skills
- Performing field site visits is required. Candidate will be required to move around the job site, including ascending and descending a ladder and positioning themselves appropriately to gain necessary details for roof inspections; attic inspections, crawl space inspections, etc.
- Previous Home Inspection experience, minimum of three (3) years required.
- Strong computer skills
- Well organized and self-disciplined with good independent problem solving and people skills
- Focus on accuracy and attention-to-detail
- Requires a valid, clean driver's license and a vehicle, as travel to job sites is required.

The physical demands described above are representative of those that must be met by an employee to successfully perform essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

We are an equal opportunity/affirmative action employer, and highly encourage resumes from all interested parties including women, minorities, veterans and persons with disabilities.

- Principals only. Recruiters please do not contact this job poster.
- Do NOT contact us with unsolicited services or offers.

Thank you in advance to those submitting applications; only those candidates under consideration will be contacted.
